- Help your grownup put sunscreen on you before camp each morning.
- Help your grownup remember to sign you out before you leave.
- Remind your grownup that on **Fridays**, we have a group presentation at the SEEDS – Blacksburg Nature Center at 3pm, which we hope they will attend!
- You won't have to keep everything in your knapsack when we go off on walks and hikes, but you should bring everything on the list every day!

Ask staff for their cell number in case you need to contact them.

Kids may not understand why they need everything, so parents please explain.
